

KANUJIBAY INTERNATIONAL BUSINESS

Business Plan — Ventspils Strategic Hub
Founder: Sidibe Ousseni | French Company | SIRET 913 389 771 00019

1. PROJECT OVERVIEW

Kanujibay International Business aims to establish a strategic hub in Ventspils, bridging Western Europe (France), the Baltic States, and international markets. The project is built on two complementary pillars: the trading of high-value food commodities, and the provision of specialised multilingual business services for companies operating across borders.

Company	Kanujibay International Business (France)
SIRET	913 389 771 00019
Founder	Sidibe Ousseni
Base	Ventspils, Latvia — VATP Port Area
Target Markets	Northern Europe, Baltic States, France, Africa

2. CORE BUSINESS UNITS

A — Commodities Trading: Coffee & Cocoa

- **Activity:** Direct B2B distribution and import-export of premium coffee and cocoa.
- **Target clients:** Local roasters, coffee shops, food manufacturers in the Baltics, and logistics partners at the Freeport of Ventspils.
- **Strategy:** Using the Freeport of Ventspils as a central logistics hub for redistributing raw materials to the Northern European market.
- **Advantage:** Privileged access to port customs and storage infrastructure, reducing costs and delivery lead times.

B — Multilingual Business Services

Working languages: French · English · Russian · Ukrainian

- **Professional Translation:** Legal, technical, and commercial documents for internationally active companies.
- **Business Mediation:** Supporting French-speaking companies in establishing their presence in Latvia.

- **Market Entry Support:** Acting as a linguistic and cultural bridge for Latvian companies wishing to export to France or Africa.

3. STRATEGIC GOALS IN VENTSPILS

Operational Base	Set up a permanent office / branch (filiale) within the Ventspils Special Economic Zone (VATP).
Logistics	Establish partnerships with local warehousing and shipping companies in the port area.
B2B Networking	Connect with industrial buyers and investors interested in high-quality food commodities.
Growth	Progressive expansion into new markets across Northern Europe and Sub-Saharan Africa.

4. COMPETITIVE ADVANTAGE

Rare Expertise	The combined fluency in French and Russian/Ukrainian is a unique asset for Baltic businesses seeking Western European or international expansion.
Established Entity	Backed by an active French legal structure (SIRET), providing immediate credibility for international contracts.
Strategic Location	Ventspils offers privileged access to the Baltic Sea, facilitating trade with Scandinavia, Germany, and Northern Europe.
Niche Positioning	Few operators combine commodity trading with multilingual business services — a clear differentiator on the Baltic market.
